On March 16, 27 remarkable and innovative women were inducted and honored at the WE Hatch Honor Circle celebration. WE Hatch recognizes and celebrates women who are supporting and helping each other overcome the unique challenges faced by women innovators. Family, friends, peers, members of the Horn Entrepreneurship community, and past Honor Circle inductees came together to welcome a new group of women to the Honor Circle at this celebratory event. Check out the full recap here.

Big thank you to **Pam Hackett** from **Pediatric Therapeutic Services, Inc.**, for taking time out of her schedule to come and speak to students at last week's Free Lunch Friday. It's great for alumni like Pam to come back and share their expertise and advice with students hoping to follow the same path of success.

Thank you to Chris Locke, from [SL24: UnLocke The Light](#) and [Lang Development Group](#) for speaking at our Free Lunch Friday on Sep. 8th. And another thank you to Horn's very own [Vince DiFelice](#) for sharing advice with us at last week's Free Lunch Friday on Sep. 15th as our featured speaker. Our students are always eager to hear from individuals on a successful entrepreneurial path that they also strive to be on in the future.

@udhorn

We are hearing such impressive pitches from these passionate teams so far. A wide variety of environmental issues and solutions are being covered by presenters. 3 pitches down and 4 more to go!
